REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-5 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims. As to claims 1-5, the prior art of record does not teach transmitting the factor to a data-rate management processor to control the rate at which the packets are sent upstream from the multiplexing, wherein the factor is based on the length of the queue and the time taken to transmit the factor to the data-rate management processor to prevent the queue from overflowing. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
